To wind up the evening's enjoyment Mr. Crandall addressed the assembly in a pleasant way.

We were in error in speaking of Finlayson & Waring moving the post office to the building adjacent. It should have read that Jas. Ferguson was getting the new cabinet and would remove the postoffice to the building lately vacated by Miss Boice, and that his daughter, Miss Lulu, would attend to the same hereafter as deputy.

School Meeting.

The school meeting, held in the school house on Friday evening of last week, for the purpose of electing officers requisite for a graded school, resulted in the election of the following officers: W. D. Wear, trustee for one year; H. F. Leonard and Wm. Strong, for two years and Dr. Wm. Gowan and Thos. Hickey for three years. The meeting then closed by motion to adjourn.

At a private meeting held by said board of trustees for further deliberations, the following officers were elected by said board: H. F. Leonard, director; Wm. Strong, assessor and Thos. Hickey, moderator.

Now that the work preparatory for a graded school district has been completed, the officers all duly elected and qualified, and everything in readiness to begin the building, why not start immediately and with decisive action push the work forward? Can the district afford to pay \$33 per month interest on this bonded indebtedness and nothing being done to affect any return for the same? Certainly not! Behold all things are now ready! Go forth and let the sound of the hammer be heard to the satisfaction of our tax payers.

PURELY POLITICAL.

Election one week from next Tuesday.

Vote for none but good men at the coming election.

Ed. T. Pettit our choice for sheriff, was in the village Tuesday night.

R. E. French, our candidate for representative in this district, was in the village on Tuesday and Wednesday.

John S. Duffie's career as Register of Deeds during the past year is a credit to him and he deserves a re-election this fall. Give him your hearty support.

In making up your ticket to vote at the coming election be sure the name of S. S. Brooker for treasurer is on the same. He is a responsible and worthy man for the position.

On every four corners you will find a candidate for some office. They are rising up like mushrooms, about election time, and those that are defeated vanish as quickly as they appear.

James Brown informs us he is not an aspirant for State Senatorial honors, having withdrawn his name as a candidate for that position. Lewis Granger, of Armada, has been placed in the ticket instead.

If you wish a man who will attend to the duties of sheriff and do so with credit to himself and honor to the citizens of St. Clair county without any fear or favor towards the whisky ring, vote for Edwin S. Pettit a man well qualified to fill that important trust.

A few words in regard to C. S. Wells and his career would not be amiss in this issue. He was born in New York state in 1813 entered the army as a private at the age of 18 years, served three and one half years and came out as first Lieutenant, settled in Canada in 1836 and has since resided there, where he is well and favorably known, having filled many offices of trust in that locality. Vote for him at the coming election.

When we look about for a man to represent our private interests we invariably find some one whose reputation is unblemished and whose fitness for the position is beyond question. Our fellow townsman, Robert E. French is undoubtedly the right man to represent this district at Lansing.

No one but French can honorably and uprightly discharge the duties of the various offices of public trust which he has from time to time so faithfully performed. Mr. French is possessed of a fine physique and is an eloquent and earnest speaker, and he is in every way well qualified to represent the interests of our district. —F. Gratiot Sun.

The vilest campaign ever known in the history of Congressional elections is now in progress under the direction of the Democratic bosses, in the interests of Justin R. Whiting's candidacy for Congress. A pamphlet of 16 pages has been printed at the Port Huron Commercial office, and is now being circulated through the district by thousands, in which all the old and long ago exploded custom charges against John P. Sanborn are re-produced, together with pages of other lies and slanders. There is scarcely a line of truth in the whole pamphlet, fairly told; while among the testimony cited to sustain the charges is that of convicts and confessed perjurers. Another sample of the villainous lies set forth in this vile document is the assertion that Mr. Sanborn caused the discharge of Marcus Young from the postoffice and his arrest on "trumped charges." Mr. Sanborn was not postmaster at the time of Marcus Young's discharge, or at any other time, and neither could be, or was responsible in any way either for his discharge or arrest. Language strong enough to characterize the shameful vilification of a citizen who has done more than any other two or three men to build up Port Huron and the country adjacent to it during the past 20 years, cannot be found. The spirit in which it was conceived and set forth to the world is quite as villainous as the document itself, and if Mr. Whiting does not promptly repudiate the whole affair, and deny his responsibility for it, he will lose the respect of every voter in the district who believes in honesty, decency and fair dealing in politics, as well as in business and the ordinary affairs of life. —Port Huron Times.
